

## WelcO<sub>3</sub>me to Ecofrog!

At Ecofrog we work every day so that our distributors feel part of our great family. For this reason, we have tools to help each other in the work of communicating and disseminating our ozone systems in water. The first step to make this a reality is to help you with communication and Marketing, since we consider that it is one of the essential commercial axes today for sales and, at the same time, we improve our brand and visibility..

Here you will find **legal documents, product information, design materials, marketing materials, as well as training videos and images** for your social networks.

## Contact O<sub>3</sub>f interest

We also believe it is important that you get to know our company and the people who make it up close. Below you will find the contact of the people who make up the departments so that, if you have any questions, you can get in touch with the appropriate person.
